A-FRAME STORAGE SYSTEM

AUSTRALIAN
DESIGNED &
ENGINEERED

THE EMRACK A-FRAME RACKING SYSTEM IS PERFECT FOR STORING & DISPLAYING LONG LENGTHS STEEL, ALUMINIUM, PLASTIC & TIMBER —AVAILABLE IN A VAST RANGE OF SIZES & CONFIGURATIONS

INDUSTRIAL STORAGE SYSTEMS

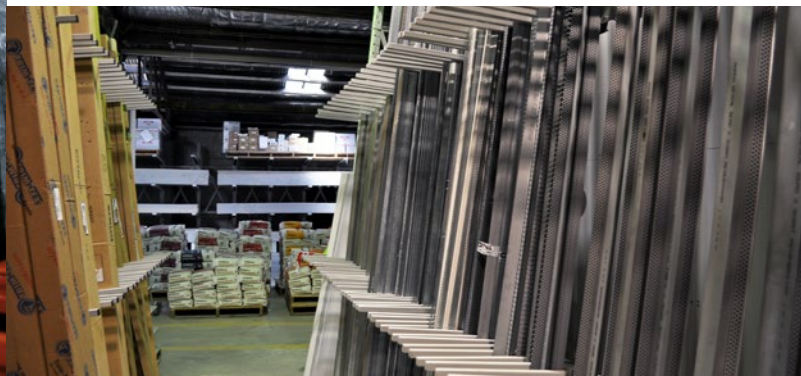

The Emrack A-Frame Racks allow for easy picking and identification of long length slender products, in a vertical or 'stand-up' configuration. The slimline, adjustable divider arms allow for maximum use of available space while still storing multiple length products easily and safely.

With a wide range of applications, sizes and configurations, Emrack A-Frame racks are available in single or double sided, with custom solutions available to suit every requirement.

FEATURES

- Easy access to products for efficient supply chain management
- Various Sizes & Configurations to ensure an ideal space-saving arrangement for every application
- Powder Coated or Hot-Dip Galvanized (H.D.G) finish options
- Customisable Colour Schemes to match your Company Branding
- In-House Design, 3D Modelling & Layout Development Services
- Independently Certified & Engineered to meet all requirements

OUR A-FRAME SYSTEM IS PERFECT FOR THE STORAGE AND DISPLAY OF ALUMINIUM & PLASTIC EXTRUSIONS, TIMBER LENGTHS, STEEL PROFILES & MUCH MORE
