# GONDOLA SHELVING SYSTEM

AUSTRALIAN  
DESIGNED &  
ENGINEERED

THE EMRACK GONDOLA SYSTEM IS A HIGHLY DEVELOPED RETAIL DISPLAY AND SHELVING SYSTEM—DESIGNED TO PROVIDE THE WORLD'S LEADING RETAILERS WITH FLEXIBLE, SCALABLE & STRONG SELLING SPACES

**RETAIL  
SOLUTIONS**

The Emrack GT Gondola System has been recognised as one of the most comprehensive Retail Display & Shelving systems available on the market today. Used by leading retailers around the world, the unmatched range of merchandising accessories and configuration options provides retailers with solutions for the display of every merchandise type.

Convert your store from a low-height Gondola configuration to a high-bay Outrigger within minutes. Create powerful selling spaces by utilising endless assembly options and merchandising accessories—including integrated light-box systems, glass shelving, timber shelving, multiple peg-board options and customised components produced to order.
